FOUR MORE YEARS OF
PRESIDENT TRUMP PUTS THE

ARIZONA

WE LOVE AT RISK.

FOREVER.

**PRESIDENT TRUMP'S
DESTRUCTIVE AGENDA IS
HARMING OUR ENVIRONMENT.**

From rolling back car emissions and fuel efficiency standards to waging a trade war that's harmed our solar industry, President Trump's environmental agenda threatens our health, safety and economy.

Our health is at risk because Trump rolled back clean air protections.

Asthma rates are higher in Arizona than most of the country.¹ Why? We have some of the worst air quality in the country. And President Trump is making it worse, gutting limits on pollution from coal power plants, including mercury and smog-forming chemicals.²

Our jobs are at risk because Trump blocks the clean energy economy.

Arizona is the sunniest state in the nation, but Arizona's efforts to move to a job-creating clean energy economy have been hurt by Trump's commitment to protecting dirty fossil fuels.³
