Sen. Thom Tillis’ healthcare policies could have cost me my life. I’m a cancer survivor. If I didn’t have health insurance, I would probably be dead. Sen. Tillis, you should not play politics with people’s lives.”

Donna G., Charlotte, NC
We need a senator who will put our healthcare needs above the insurance companies and special interests who fund their campaigns. We need a senator who’s not going to play politics with our healthcare. We need Cal Cunningham.

**We need Cal Cunningham.**

**CAL CUNNINGHAM**

- Wants to strengthen and extend coverage under the Affordable Care Act
- Will fight to expand and protect Medicaid and Medicare in North Carolina
- Will fight to ensure that no one loses their employer-sponsored coverage if they want to keep it
- Will fight to clean up pollution in our air and water that can cause cancer, heart disease and asthma attacks, and is more likely to impact Black and Latinx communities

**SEN. THOM TILLIS**

- Tillis called the Affordable Care Act “disastrous” even though it has been a lifesaver for many people
- Called himself “courageous” for voting to gut healthcare protections for people with pre-existing conditions
- Voted to partially or fully repeal the Affordable Care Act 20 times
- Sides with corporate polluters letting toxic cancer-causing chemicals into our air and water
